RENEWALS OF SALOON LICENSE

Will No Longer Be Granted Saloons.

Mayor Combs Makes New Ruling and at Once Puts It Into Effect.

On the charge of violating the Sunday closing law, Chapman and Downing, proprietors of the Bismark saloon, appeared before Mayor Combs Tuesday, August 6, and pleaded guilty. As a result their license was revoked by the Mayor, their bond declared forfeited, and they were furthermore denied the privilege of renewing their license in the city of Lexington.

Their place of business was allowed to run until Saturday at which time it closed. The case was the outcome of work by detectives.

Mayor Combs advised a new ruling which is one of the severest penalties in connection with the Sunday closing law. This new ruling went into effect on the two cases which were called at that time and will be the ruling in every case of the same nature which may come up before him. This new ruling is that when saloon license is revoked no renewals will be granted.

Never Had Tasted Medicine.

Mrs. Catherine Gilligan, at the age of 107 years and four months, is dead at her home, 1906 Union avenue, the Bronx. She had lived in New York thirty-five years, coming from Ireland at the age of seventy-nine to join her eight children. Mrs. Gilligan had twenty-four grandchildren, five great grandchildren, and two great-great grandchildren. She married at seventeen. Mrs. Gilligan ascribed her longevity to her habit of eating onions at every meal and her refusal to worry about anything. She never tasted medicine. —New York Herald.

NEWSPAPERS ONLY

Will be Used by Newcastle, Indiana, Business Men in the Future For Their Advertising.

The Retail Merchants' Association of Newcastle, Ind., has placed the ban on all advertising schemes, and will have nothing to do with programs, so-called business directories or other schemes devised to separate a merchant from his cash. Newspaper advertising is recognized as the only profitable publicity method and will be strictly adhered to in the future. This decision was reached after one year's investigation of results obtained from various forms of advertising.

A committee was appointed by the Merchants' League who kept actual figures on the business done by the merchants and traced to various forms of advertising. The only form of advertising showing actual benefits was traced to legitimate newspapers. Special boom editions were condemned by the committee and merchants were urged to refrain from using them. They are usually the products of solicitors traveling from city to city interesting a certain class of newspapers in their schemes and taking a per cent. of the profits for their share in the work, spending no money with the merchants who advertised. The Newcastle Merchants' League recommend that their merchants use only the bona fide newspapers published regularly either daily, Sunday or weekly.

A Cleansed City.

If the gamblers, the crap shooters, the vicious illers of this city do not know by this time that Louisville is a bad place for them as long as R. W. Bingham remains Mayor and J. H. Haager Chief of Police, they certainly are dull of perception.

As soon as he was sworn in as Chief of Police Mr. Haager, by authority of the Mayor, issued an order that the crap games, lottery dens and the criminal saloons must close, and that all criminals must leave the city.

In twenty-four hours the policemen and detectives raided 300 crap games, arrested the operators, destroyed the paraphernalia, and presented a number of the offending saloonkeepers before the License Board, where their licenses were promptly taken away by Judge Randolph Blain.

This ended the crap games, but the lottery dealers could not be made to believe that they were to be touched, and so, after a slight recess, they resumed their operations. At 8 o'clock Saturday evening, under the express direction of Mayor Bingham, Chief Haager assembled every policeman and detective and proceeded to clean up Louisville as the city has never been cleaned up before. Every crap game and poker game was raided, every saloonkeeper suffering a gambling game on his premises was arrested, every lotterer and suspected crook was taken to jail.

The blow was sudden, and the criminals are paralyzed, but the citizens of Louisville rejoice. —Evening Post, August 6.

Ninety-Four Years Old.

Raymond Spearer died Wednesday afternoon at his home near Brookstown, Clark county, aged ninety-four years. His wife, aged eighty-six, and to whom he had been married sixty-one years, survives him. He was the oldest man in Madison county, and had been a member of the Christian Church nearly eighty years.

Economy Now Necessary.

The Pennsylvania Railroad Company is sending out to the men who furnish railroad ties this warning: "Husband your timber. Saw your ties. Don't hew." It is explained that by hewing from a stick of timber sixteen feet long and fifteen inches wide only two ties can be made. By sawing the stick four ties can be made and fifty-seven feet of marketable lumber had.

It was not so long ago that such a warning would have been considered useless. It is now necessary.

"Dr. Thomas' Electric Oil is the best remedy for that often fatal disease—croup. Has been used with success in our family for years."—Mrs. L. Whiteacre, Buffalo, N. Y.

Enjoined By Federal Court.

At St. Paul on August 5 Judge Vandever enjoined the Secretary of State of Arkansas from forfeiting the right of the Rock Island to do business in Arkansas.

A Turkey Remedy.

Mrs. W. F. Heabman, Clintonville, Ky., says: "I have tried a number of remedies, but Bourbon Poultry Cure is the only remedy I have ever found that will cure sick turkeys."

Sold and guaranteed by W. S. Lloyd.

Russian General Killed.

General Karakozoff, ex-Governor General of Odessa, was shot and killed. The assassin escaped.

Instead of lecturing your husband, try loving him.

SETTLES SHORTAGE.

Square With the State and County.—Paid \$45,455.

At Louisville W. J. Semonin, former county clerk, settled his indebtedness with the state and county, amounting to \$45,455. Payment was made of \$15,519 in settlement with the county and \$29,646 in settlement with the state.

Rich Forests in Texas.

Texas is a large timber State. Its forests are one of its greatest resources. Much lumber has been wasted by clearing simply for cultivation. The Texas people are now beginning to realize the importance of conserving this wealth. Some parts of the State are treeless and tree planting has to be done. In the Panhandle region, in the spring of 1906, over 500,000 trees were set out.

Adopting Cash System.

All over the State business men generally are doing away with the extensive credit system, the downfall of many merchants. Business conditions of today do not warrant the granting of credit on six and twelve months time. Expenses of conducting business have largely increased, and the close margin on goods does not warrant the continuance of the old "pay me when you can" credit system. —Winchester Democrat.

POOL ROOMS

STRIPPED OF PARAPHERNALIA.

Sheriff Headed Deputies.—His Orders Were Executed.

WILL NOT RUN WHILE HE IS IN OFFICE.

Sheriff Scott Bullitt, of Louisville, heading a large force of deputy sheriffs, raided the two pool-rooms at Seventh and P streets, arrested the principal operators, stripped the blackboards from the walls, confiscated the paraphernalia and put an end to pool-rooms in the county as long as he remains in the Sheriff's office.

Church and School Furniture Combine Given Its Quietus.

Judge Landis in the U. S. District Court at Chicago ordered the dissolution of the church and school furniture trust recently punished by fines amounting to \$43,000 for admitted violation of the anti-trust laws.

Police Court Session.

In Police Court at Lexington on Tuesday, August 6th, were twenty-six cases, ranging from a plain, unruined drunk, to violating the Sunday closing law, which in these days of reformation and purification is considered about the worst offense in the calendar.

Popularity is a sure bait for political suckers.

REVOKED.

Saloonists Appear Before Mayor Combs and Confess.

Linville Bros., proprietors of a saloon charged with conducting a disorderly house, Tuesday morning, August 6, pleaded guilty and the saloon was ordered "closed up for keeps" by Mayor Combs.

The Mayor immediately revoked their saloon licenses and declared their bond forfeited and ordered their place closed.

This firm was recently arraigned before Mayor Combs who then cancelled licenses and forfeited bond. Now they are put out of business. No doubt they have gotten what they deserve.

Enormous Profits.

Herbert Smith, Commissioner of Corporations, reports to President Roosevelt an elaborate investigation of prices and profits of the oil industry. Mr. Smith computes that in twenty-four years the Standard Oil Company has made \$730,000,000 on an investment of \$75,000,000. He charges that the company has resorted to unfair means of competition to force prices up. He asserts that under free competition the price would be much lower.

Cured His Neph.

J. A. Scott, Avon, Ky., says: "Bourbon Hog Cholera Remedy cured some hogs for me that I did not think could possibly be saved." Sold and guaranteed by W. S. Lloyd.

BEST FISH STORY.

Deep Sea Battle Between Man-Eating Sharks and Whales.

Captain Jameson, of New York, with the fruit steamer, Amelia, tells the best fish story so far told this season. When two days out from Port Antonio the lookout reported a strange disturbance dead ahead. Captain Jameson, approaching cautiously, found a fight raging between four whales and two man-eating sharks. There was a terrific lashing of water and the marine fight spread hundreds of feet across the path of the fruit-er. Six times Captain Jameson was forced to bring his ship to a stop to avoid striking the monsters, who paid no heed to the steamer. He turned so he could proceed.

Sugar Trust May Be Put Out of Business.

A bill in equity calling upon the American Sugar Refining Company to give an accounting of its business for the last four years was filed at Trenton, N. J., on behalf of H. Earle, Jr., receiver of the Pennsylvania Sugar Refining Company. The suit is separate from \$30,000,000 damages, which he instituted against the American Sugar Refining Company of New York.

C. H. PETRY

We are authorized to announce HOWARD ANDERSON a candidate for Chief of Police of the city of Mt. Sterling, subject to the action of the Democratic party.

Judge James Hargis has resigned. It would have been better for the Democratic party had he resigned several years ago. Some of the Republicans are sorry because Judge Hargis has resigned as a member of the Democratic State Central Committee. It has spiked one of their guns. Just as soon as the fact is demonstrated in any community that the law will be enforced, the number of violations of the law begin to decrease.—Georgetown Times.

A FIRM STAND—NO EQUIVOCATION.

"The Democratic party, through its candidates for Governor and United States Senator, pledge hearty support to the anti-saloon-League program. Judge Hager, the candidate for Governor, endorses the extension of the Unit Law, the enactment of other measures. The pledges in addition to the strict enforcement of Sunday closing laws in case he became Governor.

"There can be no more far-reaching achievement in political life than the dethronement of the saloon power from the control of political parties. No candidate or set of candidates ought to be supported by temperance people, behind which are found the solid ranks of the liquor interests."

The Democratic party of Kentucky could not be more strongly committed to a question than it is to that of temperance, and that the temperance question is a political one, made so by its promoters, there can be no doubt, the Republican newspapers and campaigners to the contrary notwithstanding. The Democratic party is willing to go before the people of Kentucky upon the record that its trusted servants have made.

CORRECT.

County Clerk W. J. Semonin, of Jefferson county, has settled in full with the State, also with the county, so that there is no claim whatever against him. The Louisville Republican organ made a strenuous effort to saddle Mr. Semonin's failure to meet check on Judge Hager, Democratic nominee for Governor, but his noise was only thunder, for Judge Hager, in a card to the public, showed his procedure was not only legal and protective against loss to the State or reflection against himself, but proved the Republican trailer very inaccurate. Suppose a man had been in Judge Hager's place, who was not acquainted with legal steps in such cases, we could easily anticipate results.

Judge Hager has made an officer whose acts are an open book to the people, which are above just criticism, and as he has been a model in the offices he has filled, State Treasurer and Auditor, so we may expect of him as Governor.

In him the people need have no fears from any source, for he has been tried and approved, and the people will see to it that he is promoted the coming November to the State's highest gift.

COMMISSIONER SMITH'S

LATEST OIL REPORT.

The report of the Commissioner of Corporations on the petroleum industry is perhaps the most striking of all the revelations of the power of this monopoly. The Oil Trust uses its control of the home market in the same manner as the protected industries. It sells its foreign countries, after bearing the expense of transportation, at a lower price than to the consumer at home.

Prices at which many American products are sold abroad is conclusive evidence that the protective tariff often enables the manufacturer to exact an unjust profit. The figures presented by Commissioner Smith show that a monopoly of the home market gives the Standard Oil Company the power to exact from the American consumer a much larger profit than it can secure in foreign countries where it must meet the competition of the production from foreign oil fields.

DAVID HOWELL, Cashier.

Gov. Folk, of Missouri, wields the axe in Kansas City, dropping leaders' heads, while the same performance under the skillful hand of Gov. Beckham is going on in Kentucky. Men must learn to be good and attend strictly to the duties assigned them.

RAILROAD DEPOT.

It has been said a depot building would be constructed here at a cost of \$15,000, but chairman of the commission says the construction of adequate buildings are within their premises, be it \$15,000, more or less. That in considering such improvements it should not be alone for the present but to meet future requirements. The business men of Mt. Sterling would not make a serious mistake to act by committee and secure what demand justifies.

THEY HAD A CHANCE.

It is easy enough for a party that is not in power to pose as the embodiment of all the virtues, and to say that this or that reform ought to be inaugurated. The Republicans in Kentucky declare for a non-partisan judiciary and say that the public schools ought to be kept out of politics. If the Republicans of Kentucky could come into power in the State they would not be non-partisan in any particular. They had the opportunity, and every act was characterized by rank partisanship.—George-town Times.

EQUAL TO AN ELECTION.

Joseph S. Bosworth, of Bell county, has been declared the Republican nominee for State Senator in the Seventeenth Senatorial District. Mr. Bosworth is a brother of Henry Bosworth, the Democratic nominee for State Auditor. Joseph Bosworth is as good a Republican as his brother is a Democrat, and both have the faculty of winning when they start after a nomination.

The Republicans have put out their very best man, and it now remains for the Democrats to place their best, though he be a sacrificial contribution.

MORE COUNCILMEN.

In presenting L. T. Chiles as a candidate for Councilman in the Fourth Ward we are pleased to express our opinion and expectation that he will be A1 with no superior. For many years having been conspicuous in the educational, business and religious interests of our city, and being a speaker of ability he is admirably qualified to serve his city in the direction of its affairs.

C. H. Petry has consented to give his time, experience and ability in helping to make our city prosperous, enterprising, attractive and of good report. We have such confidence in him as an industrious, just, law abiding and reputable citizen that we believe he will see that, so far as he can, the laws are executed and that justice to all prevails.

MAY SUCCEED HARGIS.

A special dispatch to the Enquirer from Paintsville, Ky., of August 1st, says: According to reports here to-night, which seem well authenticated, John C. Mayo, aged 45, a millionaire real estate, timber land and coal operator, will be the successor of Judge James Hargis on the Democratic State Committee. Judge Hargis resigned this week. Mr. Mayo is the wealthiest man in Johnson county.

Mr. Mayo is reckoned among the young Democrats who are in the saddle and we feel very much drawn to Mr. Mayo for this reason and the fact that he is free from isms of every type. Just an up-to-date Democrat, standing firmly on the party's rock-ribbed principles. Other reasons are good ones. He is in line with the temperance movement, is a liberal contributor to all moral movements, educational, religious society, &c.

A DASHING FIGHT.

Kentucky Republicans are making great preparations for the campaign for United States Senator, Governor and all other State offices, which will be opened at Maysville on August 19th. The chief speaker will be Augustus E. Willson, the Republican nominee for Governor. Practically every man on the Republican State ticket will be present and many party leaders. Mr. Willson will be accompanied from Louisville by a big crowd of his supporters, and efforts will be made to put great enthusiasm into the opening rally.

The Campaign Committee of the Democratic party will meet the Nation's greatest fighters at every point with men of equal National reputation.

CONGRESSIONAL.

It is time that our people were casting about for a candidate for Congress and to launch the proper man before the Democratic seekers have taken positions. To the Democrats of the Tenth we would say, no man who is favorable to the open saloon need apply. The people will have none but those who by practice and principle favor higher morals. We have heard a few of this type spoken of. Ex-Senator Prewitt and Rep. John R. Thomas, of this county, and Hon. Thomas Stevenson, of Clark. There are many others in the district, giving ample material from which to make a good selection.

COMING.

At Republican state headquarters positive assurances have been received that former Commissioner of Internal Revenue John W. Yerkes will take the stump in Kentucky this fall in the interest of Mr. Augustus E. Willson and the Republican state ticket. Mr. Yerkes, although practicing law in Washington, is still a member of the National Committee, is Kentucky's representative and is taking a lively interest in the situation in this state.

This man too big for the job or the job too big for him, and who himself is lost out is coming. All the Republican orators combined with whiskey alliances cannot check the tide of Democracy, temperance and higher morals.

CONVENTION.

Bible Schools of Christian Church In This County Hold Convention.

WILL MEET NEXT YEAR AT MT. STERLING.

The Second Annual Convention of Bible Schools of the Christian Church in this county was held at Corinth church on Thursday, August 8, 1907. The meeting was called to order at 10 o'clock by the president, B. W. Trimble. He has for some years been convinced that the object to be sought, the real purpose or work of many religious conventions, county and state, has been lost sight of or obscured by two things:

There has been too little attention given to the practical phases of work, the helps, hindrances, needs, successful methods; much time has been occupied in addresses, sometimes wise, sometimes otherwise; again, the conventions, whether county or state, have been too largely regarded as "picnic" occasions.

Many go to laugh and talk, to get a "big dinner," to get free entertainment while shopping, and care but little for religious work, what is said or done.

The writer has attended religious assemblies long enough to observe a few facts and has heard expressions from others. The time has come for modification—restricted attendance and simpler entertainment. Now back to our conference. Mrs. Albert Bridges presided at the organ, while R. M. Hopkins led the singing. The president had previously notified the superintendents and teachers that the informal conference plan would be dominant and all were urged to ask questions, tell of difficulties and successes, suggest plans. The first talk was by Rev. H. D. Clark. His subject was: "What Should Teachers Study?" His answers were:

1. The Bible as a whole—both Old and New Testaments.
2. The book in which the lesson is found, with connecting links to previous lessons.
3. The class.
4. Laws and methods of teaching.
5. How to get and keep attention and get the lesson into the minds of the class.
6. How to get the class to tell what they know.

This was followed by comments. The contemplated organization of a school at Camargo on the following Sunday (Aug. 11) received considerable attention.

Committees were appointed. The attendance was about 70. All the schools were not represented. The assembly adjourned promptly at noon. So far as the writer saw, the audience, including the brethren and sisters who furnished the dinner were in the building until adjournment. In a few minutes the dinner was spread. The people did not line up for an hour waiting to get what they came for, as is characteristic of many conventions.

AFTERNOON.

The attendance was increased in afternoon.

Talks were made by Prof. Cord, whose subject was: "The Aimless Sunday School and Purposeless Teacher." By C. W. Harris; Rev. Campbell and Rose, of Bath; Clifton Frewitt, of Clark; J. T. Highland read an interesting paper on: "Why Join the Sunday School?" Questions were asked or answers of the convention.

R. M. Hopkins, State Evangelist, briefly reviewed the early history of the Reformation, told of the Centennial Anniversary at Pittsburgh in 1909 and of the purpose of the schools of the Christian Church in Kentucky to raise \$27,000 for a chair of Bible School Pedagogy in the College of the Bible.

REPORT OF COMMITTEES.

FUTURE WORK.
1. Recognizing the conference

feature as an experiment we recommend that it be continued for another year, but that a program be prepared or published that a general idea may be had of what is prepared.

2. That the Sunday Schools of the county pay their share for the support of State Work.

TIME AND PLACE.

Announcement Extraordinary

Now that the greatest cut price sale ever held by this store is closed as far as a general reduction on the whole stock is concerned, we have decided to hold a series of sales on certain goods that we wish to reduce to a lower point. In many instances these goods will be sold at half price. The cut prices named here are on the goods advertised only. Those who have been so unfortunate as to miss our general sale now have a chance to hedge. Read the prices; lose no time in coming, as these prices, too, are only for a short time.

Walsh Brothers,

HOUSE OF QUALITY.

For Circuit Judge.

At Grayson, Ky., on August 6, Thos. D. Theobald, of Grayson, received the nomination for Republican Circuit Judge in the district including Morgan, Elliott, Carter and others. The convention decided to make no nomination for Commonwealth's Attorney. Mr. Theobald is a talented man.

On Saturday 12 men and 1 woman were sent from Lexington to the penitentiary. The woman was for life under habitual criminal act.

Rural Free Delivery.

There are now 37,000 rural delivery routes in the United States. The largest number in any commonwealth is credited to Illinois, which has 2,775. Closely following are Ohio 2,492, Iowa 2,303 and Indiana 2,130. Pennsylvania is the only other state with more than 2,000.

Experienced tailor at Walsh Bros. to-day. Leave your measure for a fall suit.

Yes, we are enroute to the McDade Fun Makers. Come and join us.

Winchester Day.

Winchester Day at the James-town Exposition is August 23rd. By going from Winchester on Tuesday, the 20th, noon train, the coach rate of \$13.00 gives the right to buy sleeper. That will be a great day for the citizens of our enterprising neighbor city. For particulars write to

R. K. Perry, Winchester, Ky.

Remember you promised yourself the next tailor-made suit would come from here. Big display 14th and 15th. Leave your order. Walsh Bros.

Opening Speech.

Henry Watterson on Sunday night came to Lexington to deliver the opening speech at the fair on Monday. A committee of 8 met him at the depot and escorted him to the Phoenix Hotel for dinner. Later he was received at the Club. The committee was composed of 14 members.

Prewitt Reunion.

On August 29th the annual reunion of the Prewitt family will be held at the home of Mr. and Mrs. N. B. Young.

Material Improvement in Kentucky Corn Crop.

The monthly report of State Agricultural Commissioner Vreeland reads as follows:

The corn crop has improved wonderfully, moving up ten points in condition in the month—July 79; August 89; prospect for average crop 90. The yield of wheat is 80 per cent. of an average. The oat crop is a short one, only 71 per cent. of an average. Barley is also short 24 per cent. and rye 15 per cent. The prospect for hemp is 95 per cent. of an average crop.

The tobacco is short both in acreage and condition. The prospect for an average crop of burley is 82 per cent. and condition 80 per cent. Dark, prospect 71 per cent.; condition 79 per cent. The low condition of the tobacco crop is largely caused by late planting and unfavorable weather in June.

Meadows, pastures and clover are in fair condition.

The number of young males is very much below an average.

Injured.

Harry Stephenson, formerly of this city, received painful injury on last Saturday at Georgetown, a heavy beam falling on his foot while doing carpenter's work on the building of the Indian Refining Company's plant.

Killed By C. & O. Train.

At Stepstone on Monday morning Steve Mockabee while cutting weeds was killed by a train. He crossed the road to get a jug of water and was caught.

Have your measure taken Aug. 21 and 22 at Guthrie Clothing Co.

Stole Seed.

A negro near Lexington, fearing there would be a shortage of blue grass seed, stole 70 bushels from the farm of Solomon VanMeter. He wanted some before all of it was exported.

Look out for shoddy tailoring. If you pay the price get the best. Come here. Big display 14th and 15th. Walsh Bros.

At Frankfort on Saturday an electric car while crossing bridge over river jumped the track. Had not a steel girder caught the car it would have fallen 30 feet into river. S. W. Huger was a passenger.

Warned.

Mayor Combs, of Lexington, has again warned saloon keepers that they must observe laws for closing. If they persist in violating their places will be closed.

PORTION OF R. J. REYNOLDS TOBACCO COMPANY'S PLANT 1906

The Largest, Best-Equipped and Cleanest Flat Plug Tobacco Manufacturing Plant in the World

The Reynolds factories, equipped with every modern appliance for producing the best chewing tobacco by a clean, sanitary and healthful process, under the direction of men who have made the business a life study, are located in the centre of the Piedmont tobacco belt, known to the world as the best productive soil for tobacco with an aroma so delightful, pleasing and appetizing that it created and popularized the fondness for chewing tobacco.

Only choice selections of this well-matured, thoroughly cured leaf are used in SCHNAPPS and others of the high-grade Reynolds brands, and expert tests prove that this tobacco requires and takes a smaller

amount of sweetening than any other kind, and has a wholesome, stimulating and satisfying effect on chewers.

SCHNAPPS is the brand that made the Reynolds factories famous as the manufacturers of the best and most popular brands of chewing tobacco, and made necessary the enormous growth

from a small factory in 1875 to the largest flat-plug factory in the world. The men who started the

Reynolds Co., in 1875, are directing it to-day. There are a greater number of manufacturers making imitations claimed to be just as good as SCHNAPPS than any commodity manufactured; yet there are more pounds of SCHNAPPS chewed than the total amount of all imitative brands, or tobacco of similar appearance.

Be sure the letters on the tag and under the tag spell S-C-H-N-A-P-P-S, and you will have the genuine.

Shortage of Cars Will Be Serious, Says A. T. Siler.

That the car shortage in Kentucky, which came near causing a coal famine last winter, will be even more pronounced during the season of 1907-1908 is the belief of A. T. Siler, a member of the State Railroad Commission.

Mr. Siler said that the demand for coal has been such that the roads have not had a chance to get in condition to anticipate a shortage, and that dealers in the cities should stock their yards and prepare for a time when it will be difficult to get coal into the city.

"The situation, as it appears to me," he said, "is serious. It does not seem as though the car supply will be larger, and owing to the general and constant demand it is likely to be even smaller. The development of the coal regions, while offering a larger supply, is also calling for larger means of transportation, and these the railroads may not be able to furnish."

Mr. Siler said that the roads, said last year, during the time of shortage, that they would make strenuous efforts to prevent a repetition of the trouble. He added that the commission intends to wait until this fall to see what the developments are and that if the situation shows no signs of easing a conference will probably be called to take action looking to the relief of the shippers.

During the shortage last winter many complaints were filed with the commission by operators in the western part of the State along the line of the Illinois Central, in which it was charged that the road was guilty of discrimination in furnishing cars to operators.

Piles! Piles! Piles!

Dr. Williams' Indian Pile Ointment will cure Blind, Bleeding, Ulcerated and Itching Piles. It absorbs the tumors, slays the itching at once, acts as a powerful, gentle irritant, draws out the piles and relieves the private parts. Every box is guaranteed. Sold by Thomas Kennedy for 50c and \$1.00.

Men Dying Out.

Dr. Evans, Health Commissioner, makes the startling statement that during the last seven months of 1907 in Chicago about 12,000 men died as compared to 8,000 women. He says that in the last year the ratio of differences in the death rate between men and women has been thirty as against less than 10 per cent twenty years ago.

The cause of this is attributed by the physician to the strenuous life. Contributory causes are the quick lunch, constant exposure and carelessness.

Popularity is largely a matter of getting the right press agent.

Great Men Who Were Poor Boys.

Many of the greatest men the world has ever possessed started life as poor boys, and by their industry made for themselves names that the world can never forget. Their example should encourage every young reader.

Benjamin Franklin, the great scientist, writer and statesman, was a printer's boy.

Simpson, the great mathematician, was a poor weaver.

Herschel, the famous astronomer, was a fifer in the English army.

Abraham Lincoln was a poor country boy and split rails.

General Garfield and General Grant both were poor boys, the former having driven mules on a towpath.

Goodyear, the man who invented the process by which rubber could be hardened and made marketable, was one of the very poorest of boys.

Eli Whitney, the inventor of the cotton-gin that was of such immense benefit to the South, was a poor New Englander's son.

Edison was once a poor boy and became an expert telegrapher by dint of hard work.

President Cleveland, of the colossal Metropolitan Railway System, was once a brakeman.—Selected.

Advertisers' Convention at Cincinnati.

The Associated Advertising Clubs of America will hold their annual convention in Cincinnati on August 27 to 30 inclusive. About 700 delegates are expected. Not only will the leading advertisers of the country be present but a great many advertising agencies and publishers. The Cincinnati Club is preparing to entertain the convention in an elaborate manner.

Aged Mason Dead.

At Shellsburg, Ky., Alfred P. Moore, aged seventy-seven, an inmate of the Old Mason's Home, died from infirmities due to his advanced years. He had been at the home for five years, coming from Peach Grove, Pendleton county.

Train Kills Tramp.

James Murray, the tramp who was struck by a train at Preston, died on August 3rd at the Good Samaritan Hospital, Lexington. Murray had recently been released from jail here and was evidently trying to steal a ride.

HAPPENED IN MINNEAPOLIS.

Henry Got Rid of the Dogs in Short Order.

Mr. Nelson, who was much annoyed by stray dogs burying bones in his garden at Linden Hills, secured a lion while he was in Europe, paying \$257.50 for a rather weather-beaten king of beasts, but one that was guaranteed in every respect. The lion became a great pet on the way over and came to know his master's voice and obey it. Its name was Henry.

Arrived at Linden Hills, Mr. Nelson let Henry out into the back yard and simply waited.

At 7:30 on the first morning a Newfoundland dog as large as a small garage walked into the yard to stop on the flower beds as usual and to tip over the garbage can. The lion saw the dog enter the yard and the dog just barely saw the lion.

"Crunch!" That was all. It was the sound made by Henry eating the dog. At 8:10 a monster bulldog smelled his way into the garden to rip up a yard of soil among the petunias.

"Ki—" "Crunch!"

The bulldog had gone hence. By 11:30 Henry's score stood:

One Newfoundland, one bulldog, four fox terriers, an Irish setter and two plain dogs. Everything that came into the yard collided with the lion, and it was not long.

Mr. Nelson was so joyous over the experiment that he could not go to work that day, but just sat around and fed good. In six weeks the dogs were either all in or were avoiding the place by going two blocks the other way. Then the circus came around, and the lion was so fat and glossy that Mr. Nelson disposed of him to the menagerie department for \$327.50—Minneapolis Journal.

HOW IT HAPPENED.

Brother Magoon Explains the Absence of Elder Fishback.

"If you will deess puhmit me to speefy a word or two, pahson," respectfully said a stranger who had entered Ebenezer chapel just before the beginning of the sermon. "I'll take pleasure in infammin' de brudren and sistahs yuh dissembled dat Puhblish' Eldah Fishback enawmously regrets dat he can't be wid yuh all today, as expected, whakez wh'y, he's dead."

"Mah name an Magoon—Bredder 'Lonzo Magoon,' yuh mought call it—fum over beyant Tinkinsville; and de eldah descended upon mah household yistaday, and we had chicken pot pie, squinch pie'erves, baked shaw and mince pie for dinner, and somehow or tadder in her zeal, mah wife—fine a lady as dar is in de land too!—she took and anonymously put hoss liniment stiduh brandy into de mince-meat, and it killed de eldah plumb dead! 'Twuz a glorious death, and he met it half way! And I's pious! all de rest of us would be dis minute uh-walkin' on de glory-ld hills on im-mortal hand in hand wid de eldah, if 'twuzn't for de fact dat de good man heat us to dat 'ar pie. Yass!—he beat us to it. Ladies and gentlemen, I thank yuh for yuh attentun'!"—Puck.

Fate of a Prince Albert.

When Commander Pease went on his first trip in search of the pole he won the gratitude of an Esquimo by presenting him with an ancient Prince Albert coat and extensively crumpled smock. Years afterward, when again in the north, the explorer received a ceremonial visit from the Arctic, and in his surprise, set over him more on the discarded vestments.

On the occasion of the command to march, each for the pole the alderman took him aside and pointed to a rude maul. By its side stood the disused sledge. Its six dogs had been strangled to make an appropriate funeral. On the pile of stones lay what was left of the Prince Albert coat and the smock.

A Sure Cure.

F. Marion Crawford, at a dinner in New York, attacked spiritualism. "In principle it may be true," Mr. Crawford said, "but spiritualism as it is practiced to-day is a thing to beware of. I know a man whose wife suddenly developed a great interest in spiritualism. She attended seance after seance at the house of a handsome medium with dark, thick hair and snoring eyes."

"Her husband cured her, though. He took to accompanying her to the mediums, and at every seance he got the most passionate and tender messages from his first wife."

Camphor Trees.

Says Secretary James Wilson, of the department of agriculture: "For years the department has been engaged in camphor tree seed and thousands of trees are now growing throughout the south and Pacific coast states. Two years ago a serious disease was found to develop the manufacture of camphor from these trees. Satisfactory results have been secured and a large manufacturing concern is now building up a camphor grove of 2,000 acres in Florida, from which it hopes to make camphor. This firm uses more than \$500,000 worth of camphor every year."

King Barred from House Debates.

The King of England labors under no curious disability. He may not listen to a debate in the house of commons. Admission to the legislative chamber, which is open to his lowliest subject, is denied to the sovereign.

MAKING A BETTER WORLD.

Do you wish the world was better?
Let me tell you what to do;
See a watch upon your actions,
Keep them always straight and true;
Rid your mind of selfish motives,
Let your thoughts be clean and high;
You can make a little Eden
Of the home you occupy.

Do you wish the world was wiser?
Well, suppose you make a start
By accumulating wisdom
In the Scrap-book of your heart.
Do not waste one page of folly,
Live to learn and learn to live;
If you want to give men knowledge,
You must get it ere you give.

Do you wish the world was happier?
Then, remember, day by day,
Just to scatter seeds of kindness
As you pass along the way
For the pleasures of the many
May be oft time traced to one,
And the hand that plants the acorn
Sifters armies from the sun.

The Woolfolk-Thomson Wholesale Dry Good House has begun business at Lexington.

Wrong Men.

A. W. Davis, the noted negro temperance lecturer of Georgetown, was arrested at Lexington as he stepped from a train. The police were looking for a negro with two gold front teeth. Davis has these. The police were sure he was the man wanted and locked him up in jail, although he assured them he was not the man sought for. Davis says he does not drink, smoke, chew nor gamble, and if he ever did anything that would cause him to be arrested he is not aware of it.

Urged for Republican Nomination.

Pressure from all over the Sixth Appellate District of Kentucky is being brought to bear upon Judge Samuel Holmes, of Carlisle, to induce him to enter the race for the Republican nomination for Judge of the Court of Appeals of Kentucky to make the race against the Democratic nominee, Judge John Lassing, of Boone county.

Airship Horse Race.

Articles of agreement were signed between Robert Moreland, who will drive Sport of the Times, and Thomas P. Jackson, manager of the airship, who will race that famous pacer a mile at the Lexington Fair this afternoon. The articles provide that the ship must stay high enough to prevent frightening the horse, and that the ship must not cut corners.

The day must be still, for if the wind is blowing hard the race will be declared off. Mr. Jackson will make a side bet from one dollar to \$100 that the ship will go the mile in 2:10 or better.

Bracken Association

Was in session with the Mayslick church Wednesday, Thursday and Friday of last week. The representation from the churches was unusually large. Greater zeal and enthusiasm possesses this body. The churches are largely under the influence of young pastors. It meets with the Lewisburg church in August, 1908.

Messengers from here were Rev. T. Benton Hill, E. C. Eskridge, Mrs. Elizabeth Thomson and J. W. Hedden. The woman's organization are energetic and are accomplishing much in their departments.

He Pays.

A subscriber in Kansas, D. T. Wills, at Menlo, sends \$2 which pays for his paper till March, 1909. We have difficulty in getting many men to pay what is past due. Some financially good men have to be asked and asked. It ought to be a pleasure for a man to pay promptly what he owes. Indefinite and repeated promises to pay, without fulfillment, beget distrust and suspicion.

Dies in Automobile.

Dr. M. H. Davis, a widely known physician, who lives at Mayslick, Ky., suddenly expired while riding in an automobile Saturday between Mayslick and Blue Lick Springs. Mrs. Davis and some friends were with Dr. Davis. He remarked that he felt ill, and asked her to steer the car. Before he could bring the machine to a complete stop he had died. He was formerly of Bath county.

LEASIONS OF THE SPINE

Are Causative Factors of Producing Disease.

HOW SPINAL LEASIONS AFFECT DISTANT PARTS.

The spinal cord is a mass of nerve centers and nerve fibers contained within the spinal column. Each center therein has its functions to regulate in a certain part of the body. For instance there are centers controlling circulation in the lungs, secretion in the stomach, motion in the intestines, etc.

To preserve the integrity of such centers they require pure blood in normal amounts. Connecting the nerve centers with the portion of the anatomy over which they preside are nerve trunks, which pass from the cord through bony and muscular canals between the vertebrae of the spinal column.

Through these small canals pass blood vessels to and from the spinal cord. Any changes in position of one or more vertebrae or continued contraction of a muscle which will so change the shape of any canal as to bring pressure on or irritation to the nerves and blood vessels it contains, will alter their ability to carry stimuli or reduce blood flow, and whatever portion of the body is dependent

on the affected center and its nervous connection will feel the effect, whether it be a pelvic organ, the lower limbs or the tips of the fingers. If the nerves affected are nerves of sensation, there is pain perhaps, or under certain other conditions, loss of sensation. If of motion, the power of the muscles to contract and relax is gone, as in paralysis; if of secretion, the amount and composition of some secretion is changed from what is necessary.

OSTEOPATHIC TREATMENT is to correct by suitable manipulation the mechanical difficulty. That is, the Osteopathic physician aims to restore normal structural relation between vertebrae or ribs, and vertebrae, to straighten spinal curvature, to relax contracted muscles, or to replace misplaced organs to their normal relation with their fellows.

These are some of the diseases that osteopathy successfully treats, benefits and cures: Constipation, diarrhea, stomach trouble of all kinds, nervous troubles, rheumatism, sprains, pneumonia, typhoid, grippe, asthma, hay fever, bronchitis, tonsillitis, uterine and ovarian and other ailments. This is effected without the use of drugs. If you are suffering with these diseases consult an osteopath at once.

Peculiar Accident.

Carl Griggs was horribly cut while stretching barbed wire on the farm of Jonas Wiel, near town. Mr. Griggs was standing near one end of the wire and a horse was hitched to the other end. The wire snapped and curled itself around Mr. Griggs and a tree he was against. The horse kept going and before he could be stopped the man was almost cut in twain.

DEATHS

BROPHY.—Mrs. Ann Brophy, aged 76, is dead at Paris. Her son, James, lives at Jackson, Ky.

BARNES.—T. J. Barnes died on Sunday night at the home of his son, William, near this city. He was 78 years old. He leaves several children.

LITTLEPAGE.—Dr. B. Littlepage died at his home in Clay City on Friday. The burial was at Lawrenceburg. He was for 16 years secretary of the Kentucky Midland Medical Society.

BIRCH.—Mrs. David Birch died of typhoid fever at her home on Jas. Bogie's farm, near Camargo, on Saturday and was buried at Antioch on Sunday. She is survived by a husband and three children.

STEPHENS.—Milton Stephens, aged about 86, died at his home near Stepstone Monday, Aug. 12. The burial was at the home on Tuesday at 4 o'clock. He is survived by his son, Peter. He was a prominent citizen, an earnest christian.

ROSE.—Two weeks ago at Humboldt, Ill., a daughter of Burns Rose died. Within four hours another daughter, who lives with Burns' father, Allison Rose, near Lee City, Wolfe county, died. Their mother had died a few months ago.

GEORGE.—The wife of David C. George died at their country home on Camargo pike, on Thursday, August 8, 1907. She was Miss Lizzie DeShong. Their only child died at the age of 3 years. Mrs. George was an excellent woman. The funeral service was conducted by Rev. G. F. Oney. A large number of friends attended the service. Burial in Machpelah.

McKINNEY.—Bob McKinney, aged 36 years, died at Lexington on Monday night, August 13th, 1907. The burial will be at Frankfort today. He married Miss Lizzie Cook, of Frankfort. She, with two children, survive him. She is the sister of Mrs. Bob Settles, of our city. Mr. McKinney was for some years a resident here and prior to his removal was in the grocery business. His cousin, Miss Annie Lytle, will probably attend the burial.

SETTLES.—Mr. W. H. Settles died at his late residence near North Middletown, Aug. 9th, aged 78 years. Funeral services at the grave conducted by Rev. H. D. Clark and interment was in Machpelah Sunday, August 12th. Mr. Settles had been a man of much business in the manufacture of buggies, carriages, &c. He was a former resident of this city. He leaves two sons—Edward and Robert, and a daughter, Mrs. Lizzie Wright, of Sedalia, Mo. His aged wife and they have the sympathy of many friends here.

SHERIDAN.—Miss Catherine C. Sheridan, aged 32 years, daughter of Patrick Sheridan and wife, died at the home on Wednesday, August 7, 1907, of consumption. Rev. T. J. McCaffery conducted the funeral service at St. Patrick Church on Friday morning and the burial was in St. Thomas Cemetery. She leaves five brothers and an sister. When in the very prime of life death robs us of our loved ones, the very best of God's people are made to ponder and almost accuse Him of cruelty, but a

second thought and the Christian becomes reconciled, knowing it was God's will; that it is His to give and to take away. This subject was bright, of lovely character, and her soul has been caught up with Him who gave it.

GODSEY.—Drew S. Godsey, aged 59, died at his home at Millford, O., on Monday, August 12, 1907. He will be buried here today, temporarily at least. He has been in feeble health for several months. Mr. Godsey is known over a large portion of Eastern Kentucky and in other sections. He married Miss Mary Belle Cockrell, of Hazel Green. They lived there for many years. Their only child, Henry L., lives at Washington, D. C., where for several years he has had a position in the Treasury department. Mr. Godsey and wife lived in this county, on Spencer, for a year or two before moving to Ohio in 1901. While living at Hazel Green he served as Magistrate for four years and represented Wolfe and Morgan counties in the Legislature. He was an intelligent man, interested in State and national affairs, generous, hospitable and popular. His wife is the niece of J. G. Trimble, Sr., and a cousin of the Swangos in this county. He leaves a sister, Mrs. Pike, in Frankfort.

I wish to thank the friends who shared their love and sympathy during the final sickness of my wife and pray God's choicest blessings on them.

D. C. GEORGE.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians have discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until today we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the most delicate and fastidious. He has carefully investigated them and has selected the most valuable. He has prepared a medicine from the roots of the most valuable medicinal plants, which he has named "Dr. Pierce's Kidney and Bladder Medicine." This medicine is a most valuable remedy for all diseases of the kidneys and bladder, and for all diseases of the urinary system. It is a most valuable remedy for all diseases of the urinary system, and for all diseases of the urinary system.

Not less marvellous in the unparalleled cure it is constantly making of women's many peculiar ailments, weakness and derangements, is Dr. Pierce's Kidney and Bladder Medicine. It is a most valuable remedy for all diseases of the kidneys and bladder, and for all diseases of the urinary system. It is a most valuable remedy for all diseases of the urinary system, and for all diseases of the urinary system.

Both the above mentioned medicines are wholly made up from the delicate extracts of native medicinal roots. The medicines employed in their manufacture were originally from Dr. Pierce, and were carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for the purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle wrapper.

CHINESE CRISIS.

Empress Dowager Nearing Death, and Then Will Come Chaos.

(Chicago Record-Herald.)

It is China, and not even remotely Japan, that has aroused the concern of the Washington authorities in connection with choosing the Pacific as the next practice ground for a big battle-ship squadron, according to students of affairs in the far East.

China as an entity is in a condition as precarious as the health of the empress dowager, and when the failing health of the latter leads to its inevitable end the empire will face a crisis that will make it wise for the United States to have a presentable naval force within easy sailing distance.

Since the middle of the 17th century China has been ruled by the Tartars as far as its royal house is concerned. Tartar troops have guarded the principal centers of population for nearly 300 years—the Chinese government has not been Chinese at all, in fact.

WHY IT SUCCEEDS.

Because It's For One Thing Only—and Mt. Sterling People Appreciate This.

Nothing can be good for everything.

Doing one thing well brings success.

Doan's Kidney Pills do one thing only.

They cure sick kidneys.

They cure backache, every kidney ailment.

James H. Phelps, of Frenchburg, Ky., writes: "I have used three boxes of Doan's Kidney Pills, procured at F. C. Duerson's drug store, at Mt. Sterling, and they have done me a great deal of good. When I first began using them I could hardly get about, but now I can go anywhere, have good use of my limbs and my general health is better in every way. I can recommend this remedy to others suffering from kidney trouble of any kind. Doan's Kidney Pills have done me more good than any other medicine I have ever taken."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

"CLAIM SHAVERS"

John Stites Would Stop Their Easy Money.

Wants to Pay Police and Firemen Semi-Monthly.

With a view to depriving the loan agencies of the rich harvest they reap each month off the members' of the Police and Fire Departments and thereby protect Louisville employees, John Stites, acting chairman of the Board of Public Safety, is making inquiry as to whether it would be practical to pay the police and firemen every two weeks instead of once a month as now. He has discovered that there are scores of members of the Departments, especially men with large families to support, who are compelled each month to borrow money in order to tide themselves over until next pay day. For this money they have to pay an enormous rate of interest.

In speaking of the police and firemen Mr. Stites said that every present member of either department deserves great credit for the splendid manner in which he has complied with the order divorcing him from politics. Mr. Stites is much gratified over the conduct of the police and firemen and says he is anxious to reward them in any way that may be consistent with the policy of the present Administration.

HARD TO MAKE ENDS MEET.

"You have no idea how hard it is for some of the members of the departments to live from one month's end to another on the salaries they receive," he said. "Should a man have sickness in his family, and because of that get behind in the settlement of his accounts, it is almost impossible for him to catch up again. The only thing left for him to do is to visit the loan sharks and borrow enough to tide him over until he receives his next month's pay. For this loan he will have to pay possibly 33 or 34 interest."

A Neat Trick Turned.

As a part of the campaign of the "twos" in Cynthiana, pictures of how local opinion had "killed" Carlisle, were shown at Dr. Jett's drugstore, just opposite the tent where the temperance meetings were held. Liquor men had taken pictures of a few vacant houses in Carlisle, most of which were formerly saloons or houses vacant under saloon rule) and sought to make capital of this condition. They also had a picture of Carlisle's main street at a time when very few people were out. This, it was thought by liquorites, would make everybody see the "folly" of local opinion.

But our own folks knew a thing or two. They knew these pictures were due to arrive in Cynthiana on Tuesday before the election. They turned to have a big delegation of Carlisle's leading citizens "unexpectedly" arrive about the same time the pictures came. While the pictures were being viewed by a few score of people, fully fifteen hundred were listening to the story of the real Carlisle as told by her leading citizens. Among the speakers was Hon. Sam K. Vesch, Grand Master of the Grand Lodge of Kentucky Masons. He has been a merchant in Carlisle for about a quarter of a century, and what he says "goes" with everybody in Central Kentucky. Result: The Carlisle pictures incident made dry votes in Cynthiana.—Kentucky Issue.

Jury Disagrees.

KENTUCKY BREEDERS WANT RECOGNITION

Will Ask Classes For Five-Gaited Saddle Horses.

CLAIM TOO FEW ENTRIES.

An organized movement will be made this year by fanciers of the Kentucky, or five-gaited saddle horse, to have the management of the next Madison Square Horse Show offer a number of rings for this class of saddle horses, which have been heretofore practically ignored by the great Eastern Horse Shows. J. W. Roe, of Oshkosh, Wis., owner of American Girl and other fancy saddle horses, arrived in Lexington Wednesday, and will remain until after the Bluegrass Fair.

The main purpose of Mr. Roe's visit is to promote a concerted movement among the breeders and trainers of this distinctive Kentucky horse to secure proper recognition by Horse Show associations of the five-gaited saddle horse. Mr. Roe feels confident that the principal reason for this class of horses has been neglected in the shows of New York and other Eastern cities has been that when rings were offered they were poorly filled, the owners and breeders of such horses not taking enough interest in the matter to send their animals on for exhibition. He believes that if Kentucky horsemen will guarantee sufficient interest for such rings the management of Madison Square and other Horse Shows will be glad to put them on their programmes, and the object of his visit to Kentucky is to arouse this interest.

Curious Situation.

It is discovered in the town of Kerisova, in Hungary, where the entire male population of 3,500 souls has gradually emigrated to the United States. As a result of this exodus of males the women have elected a young woman mayor, and other women have been chosen to fill all municipal offices. The statutes in Hungary provide that no female shall hold public office, and the presence of the women in office is therefore illegal.

Storm At Jackson.

At Jackson, Ky., considerable damage was done by a severe electric storm Wednesday. The lightning struck the Day Brothers store, tearing off the greater part of the roof. Mrs. M. S. Crain and Mrs. J. S. Taubee were severely shocked while talking over the telephone during the storm. Miss Bertha Hoskins, a telephone operator, was badly shocked.

Heavy, impure blood makes a muddy, pimply complexion, headaches, nausea, indigestion. Thin blood makes you weak, pale, sickly. Burdock Blood Bitters makes the blood rich, red, pure—restores perfect health.

Combs Gets Back At Him.

Contending that he has placed his \$15,000 storehouse four inches over on Ayers alley, Mayor Thomas A. Combs Lexington has begun legal proceedings against W. E. Barron to force him to remove the house. Barron has been instrumental in bringing several suits against Mayor Combs and the members of the Council and other city officials for alleged misuse of the city funds, and says Combs is trumping up a case in revenge. Combs, however, says the report of the City Surveyor shows that Barron has trespassed upon the alley way, and that he proposes to see that his building is taken off city's property.

Plans for the Democratic campaign in Kentucky this fall will be discussed at a meeting of the committee and the Democratic candidates to be held in Frankfort. The opening probably will be the week of August 26 or September 2, but the location of the first rally has not been selected. W. J. Bryan may come to Kentucky and make three speeches.

Excursion Season Opens.

First excursion to Cincinnati via Q. & C. will be Sunday, April 14, and every other Sunday thereafter through the month of October.
